

File:Carbon Dioxide in Atmosphere.png

The printable version is no longer supported and may have rendering errors. Please update your browser bookmarks and please use the default browser print function instead.

You'll see that the change brings us back close to a pattern very much like RCP6 (as in 7.49 ; 7.48 was actually lower and too low, more like RCP4.5), in contrast to one in 7.94 that pushed us quite a lot higher (although not to RCP8.5 as Jonathan correctly pointed out). Below that is explanation of the problem for which I am sending a fix.
