GDP PPC

To pull the GDP PPC, the initial steps are the same as pulling for GDP.

A quick refresher:

- Go to the IIASA SSP Database and create your log-in
- Log in and navigate to the *downloads* tab at the top of the page
- Locate the Basic Elements section and download the .csv file containing country data
- Extract the .csv from the .zip file

If you want more detailed instructions, click here to go the GDP page with complete pull instructions.
