SUMMARY

The Classification of the Functions of Government (COFOG) was developed by the Organization for Economic Co-operation and Development and published by the United Nations Statistical Division. It can be applied to government expense and the net acquisition of nonfinancial assets and is under the IMF Government Financial Statistics (GFS) Database.

The Data Team uses COFOG for a number of series such as **SeriesGovSocialExp%GDPIMF**, **SeriesGovSocialExpMax%GDPIMF**, and **SeriesGovtPension%GDPIMF**.

To pull data from COFOG, refer to the instructions below
