

MediaWiki:Apihelp-createaccount-param-preservestate

The printable version is no longer supported and may have rendering errors. Please update your browser bookmarks and please use the default browser print function instead.

If `action=query&meta=authmanagerinfo` returned `true` for `hasprimarypreservedstate`, requests marked as `primary-required` should be omitted. If it returned a non-empty value for `preservedusername`, that username must be used for the *username* parameter.
