

MediaWiki:Apihelp-edit-param-summary

The printable version is no longer supported and may have rendering errors. Please update your browser bookmarks and please use the default browser print function instead.

Edit summary.

When this parameter is not provided or empty, an edit summary may be generated automatically.

When using *\$1section=new* and *\$1sectiontitle* is not provided, the value of this parameter is used for the section title instead, and an edit summary is generated automatically.
