

MediaWiki:Apihelp-query+revisions+base-param-difftotext

The printable version is no longer supported and may have rendering errors. Please update your browser bookmarks and please use the default browser print function instead.

Use `action=compare` instead. Text to diff each revision to. Only diffs a limited number of revisions. Overrides *\$1diff*to. If *\$1section* is set, only that section will be diffed against this text.
