Data Notes

Summary

The OECD Information Technology Outlook (ITO) report provides data on the information and communication technology (ICT) industry in OECD countries and a number of major non-member economies. The ITO Report provides data on the telecommunication, computer, and electronics sectors, including trade in ICT goods and services, employment by sector, and research and development (R&D) expenditure.

OECD Digital Economy Outlook might be its replacement.

Tables In IFs

Variable	Definition	Last IFs Update	Name In Source	UsedInPreprocessor
ICTProdGrowthRate	Computed annual growth rate of production of ICT goods (%)	1/1/2005	CAGR of worldwide production of ICT goods (%)	0
