- Remittances to savings fix included.

Data Updates

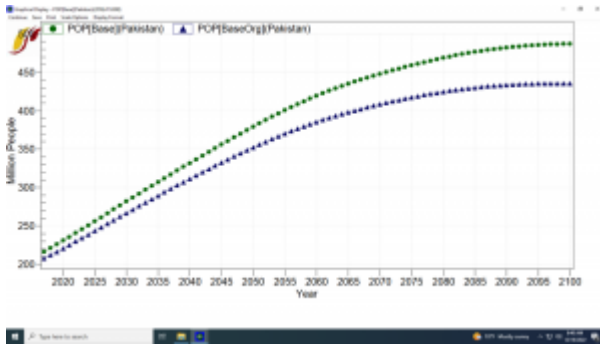

- 71 Tables inserted & updated
 - All tables are from the latest UNPD WPP release.
 - Global Population increased by 300M by the end of the century

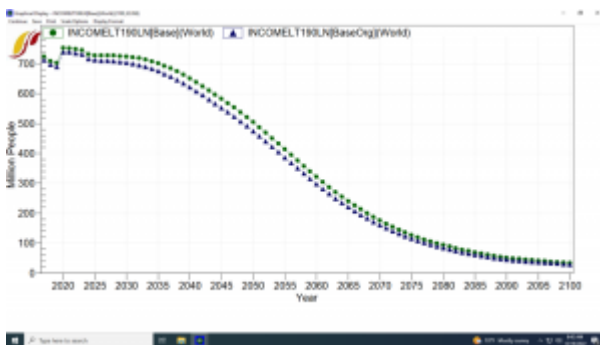

- China is the country with the biggest increase (60 M):

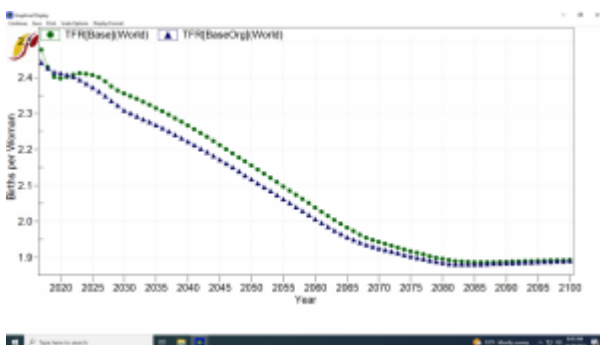

- Pakistan is second (50 M):

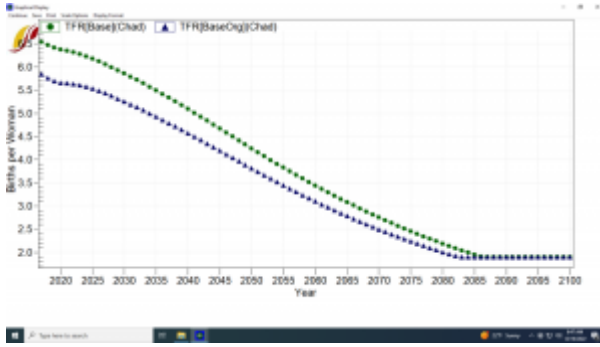

- These changes didn't affect Extreme Poverty much at the Global Level, the biggest difference is 30M in 2045:

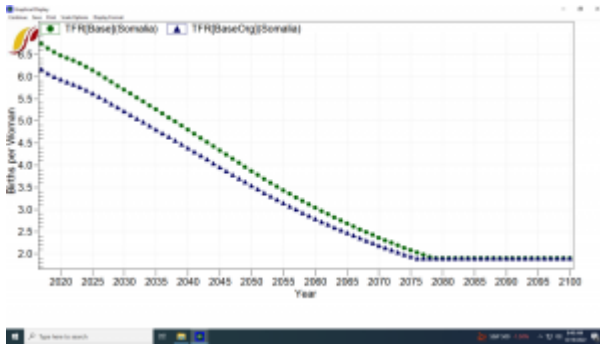

- Global TFR is now showing a little bit of a slower decline than before:

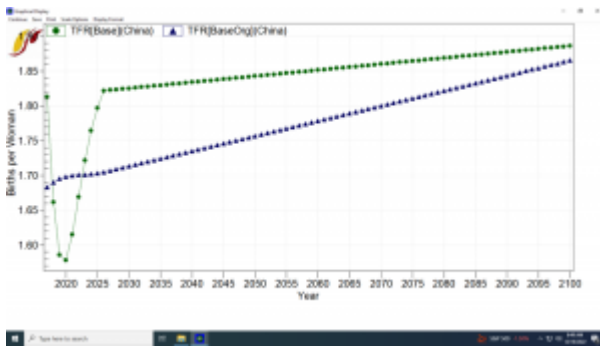

- Biggest increase was for Chad:

- Second was Somalia:

- Finally, China now looks a little weird, but it follows the data pattern:
