ICTTelephoneLinesPer1000

This series was found in the China Data Center database in table 1103 and the series runs from 1960-2003. This is the total number of telephone subscriptions and it was converted into a rate using the population data from the China Data Center.

This series is outdated and could be updated using the China Statistical Yearbooks 2007-2016 in Chapter 16 *Transport, Postal, and Telecommunication Services, and Software Industry* table 35 *Telecommunication Services Available at Year-end*.
