## Organization for Economic Cooperation and Development (OECD): Information Technology Outlook 2002

The OECD Information Technology Outlook (ITO) report provides data on the information and communication technology (ICT) industry in OECD countries and a number of major non-member economies. The ITO Report provides data on the telecommunication, computer, and electronics sectors, including trade in ICT goods and services, employment by sector, and research and development (R&D) expenditure. See http://www.oecd.org/dataoecd/63/60/1933354.pdf
